

2026-2027

3rd-4th grade English
People and Places in Our Community
Easy Grammar 3

While writing compositions with stylistic techniques and six of IEW's nine structural units, students will get to know the workers who keep a community running smoothly—from firefighters and police officers to road crews and rescue workers. This Teacher's Manual includes sample key word outlines, comprehension questions, and thorough instructions for activities.

Easy Grammar allows students to understand grammar to be able to become good writers.

Students will also read four novels throughout the school year and have in class and take home projects with each book.

Class size: 8 minimum, 15 maximum
